February 17, 2018 10:04 AM Eastern Standard Time

NEW YORK--(BUSINESS WIRE)--Rosen Law Firm, a global investor rights law firm, announces it has filed a class action lawsuit on behalf of purchasers of the securities of Riot Blockchain, Inc. (NASDAQ: RIOT) from November 13, 2017 through February 15, 2018, both dates inclusive ("Class Period"). The lawsuit seeks to recover damages for Riot Blockchain investors under the federal securities laws.

To join the Riot Blockchain class action, go to <http://www.rosenlegal.com/cases-1296.html> or call Phillip Kim, Esq. or Daniel Sadeh, Esq. toll-free at 866-767-3653 or email pkim@rosenlegal.com or dsadeh@rosenlegal.com for information on the class action.

NO CLASS HAS YET BEEN CERTIFIED IN THE ABOVE ACTION. UNTIL A CLASS IS CERTIFIED, YOU ARE NOT REPRESENTED BY COUNSEL UNLESS YOU RETAIN ONE. YOU MAY ALSO REMAIN AN ABSENT CLASS MEMBER AND DO NOTHING AT THIS POINT. YOU MAY RETAIN COUNSEL OF YOUR CHOICE.

According to the lawsuit, defendants throughout the Class Period made false and/or misleading statements and/or failed to disclose that: (1) Riot's principle executive offices were not in Colorado, but rather in Florida in the same location as a large, influential shareholder, Barry C. Honig who had a previous working relationship with Defendant O'Rourke; (2) Riot never intended to hold its Annual General Meetings scheduled for December 28, 2017 and February 1, 2018; and (3) as a result, Defendants' statements about Riot's business, operations and prospects were materially false and misleading and/or lacked a reasonable basis at all relevant times.

A class action lawsuit has already been filed. If you wish to serve as lead plaintiff, you must move the Court no later than April 18, 2018. A lead plaintiff is a representative party acting on behalf of other class members in directing the litigation. If you wish to join the litigation, go to <http://www.rosenlegal.com/cases-1296.html> to join the class action. FIRM RESUME

FIRM OVERVIEW

Founded on April 28, 2003, by Ronald L. Motley (1944–2013) and Joseph F. Rice, Motley Rice LLC is one of the nation's largest plaintiffs' law firms. Our attorneys, assisted by more than 200 support personnel, possess extensive experience in a wide variety of civil litigation.

Motley Rice lawyers initially gained national recognition for their work representing asbestos victims in the 1970s and 1980s, conducting some of the first successful representations of injured persons against the asbestos industry. Motley Rice remains deeply involved in asbestos litigation in various jurisdictions across the country. The firm continues to represent clients through involvement on numerous asbestos bankruptcy trust committees and is active in other workers' rights and toxic tort cases.

In the 1990s, Motley Rice attorneys took on the tobacco industry. Armed with evidence acquired from whistleblowers, individual smokers' cases, and tobacco liability class actions, the attorneys led the campaign of 26 states' Attorneys General and several municipalities to recoup state healthcare funds and exact marketing restrictions from cigarette manufacturers. Through the litigation, "a powerful industry was forced by U.S. courts to reveal its internal documents that explain what nine tobacco companies knew, when they knew it and what they concealed from the public about their dangerous product."^{*} The effort restricted cigarette marketing to children and culminated in the \$246 billion Master Settlement Agreement, the largest civil settlement in U.S. history.

Following the Sept. 11, 2001 terrorist attacks, Motley Rice lawyers brought a landmark lawsuit against the alleged private and state sponsors of al Qaeda and Osama bin Laden. Motley Rice has undertaken a global investigation into terrorism financing. In the course of this investigation, Motley Rice created an entire anti-terrorism and human rights practice which includes cases against defendants involved in terrorist acts by Libya, Hamas suicide bombers in Israel, and other corrupt regimes' human rights abuses. Motley Rice attorneys also held a crucial role in executing the strategic mediations and/or settlements in 56 aviation liability and damages cases against multiple defendants on behalf of families of the victims of the 9/11 attacks who opted out of the VCF.

Our lawyers continue to be selected to lead federal and state medical device and drug litigation brought by injured people alleging medical manufacturers put profits before safety. Our catastrophic injury lawyers fight for adults and children seriously injured or killed by defective products such as dangerous toys or in tragic events such as devastating fires.

In 2010, our environmental team began representing people and businesses harmed by the Deepwater Horizon oil spill in the Gulf of Mexico and our attorneys had a central role in negotiating the two class action settlements reached between BP and the litigation Plaintiffs' Steering Committee, one of which is the largest civil class action settlement in U.S. history.

We continue our efforts to hold responsible national and international corporations and organizations that willfully and knowingly harm people and have expanded our other practice areas to seek protections for shareholders, seek change in corporate cultures and bring to light issues that affect safety, security and rights of consumers, investors and the public.

The firm's lawyers regularly litigate complex cases involving multiple parties in state and federal jurisdictions throughout the United States, either as sole counsel for the plaintiffs or in association with local counsel and other firms. Additionally, Motley Rice lawyers maximize the use of alternative dispute resolution where appropriate, such as negotiation, mediation and arbitration, making it possible to avoid protracted litigation in some cases. Motley Rice employs state-of-the-art technology by using video conferencing, extranet access, and a document management system that enables the firm to process and enter into the database thousands of articles, liability documents and all other information and documents used in litigation proceedings.

The firm has offices in Mt. Pleasant, SC; Providence, RI; Hartford, CT; New York, NY; Morgantown, WV; Charleston, WV; Washington, D.C.; New Orleans, LA; and Kansas City, Missouri.

OUR LEGACY

Ronald L. Motley (1944–2013)

EDUCATION:

J.D., University of South Carolina School of Law, 1971

B.A., University of South Carolina, 1966

Ron Motley fought for greater justice, accountability and recourse, and has been widely recognized as one of the most accomplished and skilled trial lawyers in the U.S. During a career that spanned more than four decades, his persuasiveness before a jury and ability to break new legal and evidentiary ground brought to justice two once-invincible giant industries whose malfeasance took the lives of millions of Americans— asbestos and tobacco. Armed with a combination of legal and trial skills, personal charisma, nose-to-the-grindstone hard work and record of success, Ron built Motley Rice into one of the nation's largest plaintiffs' law firms.

Noted for his role in spearheading the historic litigation against the tobacco industry, Ron served as lead trial counsel for 26 State Attorneys General in the lawsuits. His efforts to uncover corporate and scientific wrongdoing resulted in the Master Settlement Agreement, the largest civil settlement in U.S. history and in which the tobacco industry agreed to reimburse states for smoking-related health care costs.

Through his pioneering discovery and collaboration, Ron revealed asbestos manufacturers and the harmful and disabling effects of occupational, environmental and household asbestos exposure. He represented thousands of asbestos victims and achieved numerous trial breakthroughs, including the class actions and mass consolidations of *Cimino, et al. v. Raymark, et al.* (U.S.D.C. TX); *Abate, et al. v. ACandS, et al.* (Baltimore); and *In re Asbestos Personal Injury Cases* (Mississippi).

In 2002, Ron once again advanced cutting-edge litigation as lead counsel for the 9/11 Families United to Bankrupt Terrorism with a lawsuit filed by more than 6,500 family members, survivors and those who lost their lives in the Sept. 11, 2001, terrorist attacks. The suit seeks justice and ultimately bankruptcy for al Qaeda's financiers, including many individuals, banks, corporations and charities that provided resources and monetary aid. He also served as lead counsel in numerous individual aviation security liability and damages cases under the *In re September 11 Litigation* filed against the aviation and aviation security industries by victims' families devastated by the security failures of 9/11.

Ron brought the landmark case of *Oran Almog v. Arab Bank* against the alleged financial sponsors of Hamas and other terrorist organizations in Israel and was a firm leader in the BP Deepwater Horizon litigation and claims efforts involving people and businesses in Gulf Coast communities suffering as a result of the oil spill. Two settlements were reached with BP, one of which is the largest civil class action settlement in U.S. history.

Recognized as an AV®-rated attorney by Martindale-Hubbell®, Ron served on the AAJ Board of Governors from 1977 to 2012 and was chair of its Asbestos Litigation Group from 1978 to 2012. In 2002, Ron founded the Mark Elliott Motley Foundation, Inc., in loving memory of his son to help meet the health, education and welfare needs of children and young adults in the Charleston, S.C. community.

Motley Rice co-founder Joe Rice is recognized as a skillful and innovative negotiator of complex litigation settlements, having served as the lead negotiator in some of the largest civil actions our courts have seen in the last 20 years. *Corporate Legal Times* reported that national defense counsel and legal scholars described Joe as one of the nation's "five most feared and respected plaintiffs' lawyers in corporate America." As the article notes, "For all his talents as a shrewd negotiator ... Rice has earned most of his respect from playing fair and remaining humble."

Joe was recognized by some of the nation's best-regarded defense lawyers as being "the smartest dealmaker they ever sat across the table from," *Thomson Reuters* has reported. Professor Samuel Issacharoff of the New York University School of Law, a well-known professor and expert in class actions and complex litigation, has commented that he is "the best strategic thinker on the end stages of litigation that I've ever seen."

Since beginning to practice law in 1979, Joe has continued to reinforce his reputation as a skillful negotiator, including through his involvement structuring some of the most significant resolutions of asbestos liabilities on behalf of those injured by asbestos-related products. He negotiates for the firm's clients at all levels, including securities and consumer fraud, anti-terrorism, human rights, environmental, medical drugs and devices, as well as catastrophic injury and wrongful death cases

Most recently, Joe served as one of the lead negotiators in the \$15 billion Volkswagen Diesel Emissions Fraud class action settlement for 2.0-liter vehicles, the largest auto-related consumer class action settlement in U.S. history, as well as the 3.0-liter settlement. Other notable litigation and cases that have benefited from Joe's involvement include:

is estimated to make payments totaling between \$7.8 billion and \$18 billion to class members. Joe was also one of the lead negotiators of the \$1.028 billion settlement reached between the Plaintiffs' Steering Committee and Halliburton Energy Services, Inc., for Halliburton's role in the disaster.

9/11:

Joe held a crucial role in executing strategic mediations and/or resolutions on behalf of 56 families of 9/11 victims who opted out of the government-created September 11 Victim Compensation Fund. In addition to providing answers, accountability and recourse to victims' families, the resulting settlements with multiple defendants shattered a settlement matrix developed and utilized for decades. The litigation also helped provide public access to evidence uncovered for the trial.

TOBACCO:

As lead private counsel for 26 jurisdictions, including numerous State Attorneys General, Joe was integral to the crafting and negotiating of the landmark Master Settlement Agreement, in which the tobacco industry agreed to reimburse states for smoking-related health costs. This remains the largest civil settlement in U.S. history.

ASBESTOS:

Joe held leadership and negotiating roles involving the bankruptcies of several large organizations, including AWI, Federal Mogul, Johns Manville, Celotex, Garlock, W.R. Grace, Babcock & Wilcox, U.S. Gypsum, Owens Corning and Pittsburgh Corning. He has also worked on numerous Trust Advisory Committees. Today, he maintains a critical role in settlements involving asbestos manufacturers emerging from bankruptcy and has been recognized for his work in structuring significant resolutions in complex personal injury litigation for asbestos liabilities on behalf of victims injured by asbestos-related products. Joe has served as co-chair of Perrin Conferences' Asbestos Litigation Conference, the largest national asbestos-focused conference.

Joe is often sought by investment funds for guidance on litigation strategies to increase shareholder value, enhance corporate governance reforms and recover assets. He was an integral part of the shareholder derivative action against Omnicare, Inc., *Manville Personal Injury Settlement Trust v. Gemunder*, which resulted in a significant settlement for shareholders as well as new corporate governance policies for the corporation.

Joe serves on the Board of Advisors for Emory University's Institute for Complex Litigation and Mass Claims, which facilitates bipartisan discussion of ways to improve the civil justice system through the hosting of judicial seminars, bar conferences, academic programs, and research. In 1999 and 2000, he served on the faculty at Duke University School of Law as a Senior Lecturing Fellow, and taught classes on the art of negotiating at the University of South Carolina School of Law, Duke University School of Law and Charleston School of Law.

In 2013, he and the firm created the Ronald L. Motley Scholarship Fund at The University of South Carolina School of Law in memory and honor of co-founding member and friend, Ron Motley.

Michael Elsner uses the U.S. civil justice system to seek social change and improved protection of Americans at home and abroad. He litigates complex civil matters on behalf of people and businesses victimized by commercial malfeasance, violations of human rights, inadequate security measures and state-sponsored terrorism, managing cross-border litigation and intricate investigations of infringement and abuse of human rights, multi-layered financial transactions and due diligence.

Michael's understanding of the complex legal challenges of international matters is critical to litigating cases involving human rights and financial dealings. He uses legal mechanisms to track illicit finances, and his investigations through the maze of international banking and financial regulations continue to uncover violations that have allowed money laundering and terrorist financing. Michael is building upon legal theories and case precedents to represent plaintiffs harmed by financial crimes and actions and hold the global institutions and organizations accountable.

Michael was a lead plaintiffs' counsel in *Linde et al. v. Arab Bank*, a suit brought on behalf of victims of terrorist attacks in Israel. In September 2014, a jury found Jordan-based Arab Bank plc liable for financing terrorist activity, including

funneling financial support to top Hamas leaders and to the families of suicide bombers. Michael also leads the worldwide investigation for liability evidence in the 9/11 Families United to Bankrupt Terrorism civil action against al Qaeda's alleged financiers and supporters. In this capacity, Michael meets with U.S. and foreign intelligence officers, witnesses, and informants, who have already helped him gather more than two million pages of documents in numerous languages identifying the activities of al Qaeda and its financiers. He is a member of the Plaintiffs' Steering Committee for this multidistrict litigation filed on behalf of more than 6,500 families and survivors of the 9/11 attacks. He also served as a member of the Plaintiffs' Committee in *In re September 11th Litigation*, a suit brought against the airline industry alleging that it failed to detect and prevent the attacks.

Michael's work with financial transaction litigation includes commercial, securities fraud and shareholder derivative cases such as his extensive work on behalf of domestic and foreign investors in *In re Vivendi Universal, S.A. Securities Litigation*.

Michael is also leading the firm in its role as consultants to South African human rights lawyer Richard Spoor in his effort to take on leading global gold producers and seek justice for tens of thousands of exploited gold mine workers who are suffering from silicosis. Few class actions have been brought in South Africa, and none have been filed for sick workers. If approved as a class, the suit would generate an unprecedented means of recovery for the country and ensure meaningful access to justice for the indigent and rural workers who are dying from this entirely preventable yet incurable disease.

Michael began his career with the Manville Personal Injury Trust and then practiced complex civil litigation in New York in the areas of toxic torts, security, personal injury, bankruptcy, and whistleblower protections prior to joining Motley Rice attorneys in 2002.

Sharing his experience and insight as a lecturer and consultant, Michael has discussed anti-terrorism and human rights litigation on several national and international news outlets, including CNN, MSNBC, NPR and the BBC, as well as international anti-money laundering and anti-terrorism industry conferences.

Fidelma L. Fitzpatrick

LICENSED IN: DC, MA, NY, RI

ADMITTED TO PRACTICE BEFORE:

U.S. Court of Appeals for the First, Seventh and Eleventh Circuits, U.S. District Court for the District of Columbia, District of Massachusetts, District of Rhode Island and Eastern District of Wisconsin

EDUCATION:

J.D., *cum laude*, American University, 1994

B.A., Canisius College, 1991

Fidelma Fitzpatrick represents people and communities in toxic tort and environmental matters, including property damage and personal injury claims. Her experience with complex civil litigation has led her to represent other victims of corporate malfeasance, including hundreds of women allegedly injured by medical devices such as Essure® and pelvic mesh/sling products.

Fidelma was co-lead trial counsel in the billion dollar lead paint pigment case, *The People of California v. Atlantic Richfield Company et al.*, in which Motley Rice represented cities and counties, including San Francisco, Santa Clara, Los Angeles

and San Diego, in litigation against national lead paint pigment manufacturers. In January 2014, the court ruled that three lead paint pigment companies had created a public nuisance by concealing the dangers of lead when they campaigned against its regulation and actively promoted lead for use in homes despite knowing that it was highly toxic. The \$1.15 billion* verdict will be paid to the state's abatement fund for the removal of lead paint pigment from homes throughout California, particularly those occupied by lower-income families in inner-city and community housing. This will help protect the health and safety of thousands of children.

Fidelma held a central role in the state of Rhode Island's trial against former corporate manufacturers of lead paint pigment. She continues to manage cases seeking to hold the lead paint pigment industry accountable for the childhood lead poisoning crisis and provide restitution and compensation to affected children and families. As a result of her work for lead poisoning victims, the Wisconsin State Supreme Court became the first to recognize the legal rights of poisoned children to sue lead paint pigment manufacturers.

She also played a lead role in representing the community of Tallevast, Florida, in a lawsuit against Lockheed Martin Corporation involving the pollution of the community's groundwater with PCE and TCE. Fidelma is litigating nuclear contamination cases on behalf of Pennsylvania residents who allege that local nuclear facilities exposed them to hazardous levels of toxic or radioactive material in the surrounding air, soil and water. Those cases, involving both personal injuries and property damage, are pending in federal court.

Fidelma also represents hundreds of women allegedly harmed by pelvic mesh/sling products in filed cases against defendants that include American Medical Systems, Boston Scientific, C.R. Bard, Inc., and Ethicon. In 2012, Fidelma was appointed co-lead counsel of the pelvic mesh MDL *In re American Medical Systems, Inc., Pelvic Repair Systems Products Liability Litigation* pending in the Southern District of West Virginia. She also holds leadership roles in pelvic mesh state court litigations, including serving as liaison counsel in the American Medical Systems cases consolidated in Delaware and the Boston Scientific cases consolidated in Massachusetts.

Fidelma began working with Motley Rice attorneys in 1997 on the Massachusetts, New York and Rhode Island lawsuits against the tobacco industry. She serves on the Board of Regents at Canisius College and frequently speaks on environmental and mass tort topics at conferences for federal and state court judges, attorneys, academic professionals and law students.

A veteran of the courtroom, Jodi Westbrook Flowers seeks to protect the health, safety and rights of consumers, families, investors, workers, and victims of crime and terrorism. Jodi has litigated a wide range of cases involving tobacco, asbestos, lead pigment, aviation disasters and vehicle defects, as well as

terrorist financing and human rights violations. In the vehicle defect multidistrict litigation, *In re General Motors LLC Ignition Switch Litigation*, Jodi works on cases related to economic loss due to faulty ignition switches installed in more than 14 million recalled GM vehicles. Previously, she worked to demonstrate the necessary minimum contacts within the U.S. for the exercise of personal jurisdiction over Bridgestone Corporation in the class action for damages allegedly caused by vehicle and tire defects, *In re Bridgestone/Firestone, Inc., ATX, ATX II and Wilderness Tire Products Liability Litigation*, Case No. 00-MDL-1373-SEB (S.D.Ind.). She also led a team at Motley Rice in the Volkswagen Diesel Emissions Fraud class action litigation, working on behalf of defrauded consumers in the \$15 billion settlement deal for 2.0-liter vehicles. The settlement was the largest auto-related consumer class action in U.S. history, and among the fastest reached of its kind.

Jodi serves as co-liaison counsel and represents victims in the 21st Century Oncology data breach multidistrict litigation.

Jodi handles a variety of cases regarding the state-sponsorship of international terrorism, as well as human rights litigation involving violations of international law and human rights abuses. Jodi now leads the legal team founded by Ron Motley that brought the groundbreaking litigation against the financiers and material supporters of al Qaeda. Representing thousands of family members and survivors of Sept. 11, 2001, in a pioneering civil action to hold al Qaeda's sponsors accountable and cut off the terror support pipeline, she serves on the Plaintiffs' Executive Committee for the *In re Terrorist Attacks on September 11, 2001* litigation consolidated by the Multidistrict Litigation Panel. She aided 9/11 victims and families in their years-long push to pass the Justice Against Sponsors of Terrorism Act, which became law in 2016.

Jodi is currently involved in processing claims for the new Victims' Compensation Fund for first responders, area residents, and anyone whose health may have been affected by exposure to environmental toxins released in the terrorist attacks. She was also an integral member of the Motley Rice aviation security litigation team seeking accountability and change in aviation security following the 9/11 attacks.

Jodi also played a key role in *Linde et al. v. Arab Bank PLC*, in which a jury found Jordan-based Arab Bank liable for financing terrorist activity, including funneling financial support to top Hamas leaders and to the families of suicide bombers. This case marked the first time that a financial institution has been brought to trial under the Anti-Terrorism Act.

She served as the lead negotiator in the last hold-out of the individual cases against Libya for the Lockerbie bombing of Pan Am Flight 103, and continues to seek justice for victims of Libyan sponsored terrorism during Qadhafi's reign. Jodi also authored an *amicus* brief, supporting section 1502 of the Dodd-Frank Act, regarding the trade regulation of conflict minerals in the Democratic Republic of the Congo.

Jodi has worked on environmental contamination cases in the Virgin Islands involving leaking gas tanks, and she is currently representing clients in advancing their Deepwater Horizon

oil spill claims through the programs established by the two settlements reached with BP. Jodi has served on numerous MDL Executive Committees and subcommittees, and holds several leadership positions within the firm.

Jodi began her career applying restitution and fraud theories to the litigation against the tobacco industry which resulted in the historic Master Settlement Agreement between the state attorneys general and the tobacco industry. She developed expert and whistleblower testimony and synthesized millions of pages of documents for trial. She prepared the false-marketing and child targeting case against the tobacco industry which resulted in restrictions on cartoon ads and the retirement of Joe Camel.

Jodi has been interviewed by various media outlets, including U.S. and foreign television, radio and print media. She provides pro bono work on a variety of global, national and community issues and helped establish the firm's Charitable Contributions Committee.

Robert J. McConnell

LICENSED IN: MA, RI

ADMITTED TO PRACTICE BEFORE:

U.S. District Court for the District of Massachusetts, District of Rhode Island

EDUCATION:

J.D., Suffolk University School of Law, 1987

A.B., Brown University, 1979

Bob McConnell’s practice concentrates on lead pigment litigation, childhood lead poisoning cases, groundwater and soil contamination cases and other toxic environmental litigation. He represents victims seeking corporate accountability as a result of personal injury, property damage and economic loss as a result of negligent environmental practices.

Bob was a member of the trial team in the landmark trial on behalf of the state of Rhode Island against corporate defendants from the lead paint industry. He secured the largest lead paint poisoning settlement in Rhode Island on behalf of a child and continues to represent children injured by lead poisoning against property owners, governmental agencies and lead pigment companies. He also played a leading role in a statewide lobbying effort to defeat legislation that would have denied lead-poisoned children and their families the right to seek justice. Through testimony, analysis and grassroots outreach, he helped the Rhode Island legislature pass a bill helping to prevent childhood lead poisoning without infringing on victims’ rights.

In 2005, he successfully argued the precedent-setting case *Thomas v. Mallett* 285 Wis 2d 236 as part of the Motley Rice trial team applying risk contribution theory to the lead paint industry before the Wisconsin Supreme Court. More recently, Bob represented more than 100 residents of Tiverton, R.I., in an environmental contamination lawsuit against a major New England utility company.

With more than two decades of experience in asbestos litigation, Bob also represents victims of asbestos exposure suffering from mesothelioma and other asbestos-related diseases. He has managed large consolidation trials in several states including Maryland, Mississippi and West Virginia.

After beginning his career as a teacher, Bob earned a law degree and clerked for the Honorable Donald F. Shea of the Rhode Island Supreme Court. He joined Motley Rice attorneys on the tobacco litigation team representing multiple state attorneys general, which resulted in the historic Master Settlement Agreement between the states and the tobacco industry.

Highly active in the Rhode Island community, Bob serves as board vice chairman of The Institute for the Study and Practice of Nonviolence, an organization that seeks to promote nonviolence among young people in Rhode Island's inner cities. He is also a board member for the George Wiley Center, which advocates for the rights of low income Rhode Island citizens, and the Fund for Community Progress, an organization that supports 26 grassroots organizations working for long-term community change.

Bob frequently speaks about lead paint litigation to local and regional groups such as the Rhode Island Bar Association and the Northeast Conference of Attorneys General. He is recognized as an AV® rated attorney by Martindale-Hubbell®.

J.D., New York University School of Law, 1980 (Root-Tilden Scholar)

M.A., The Ohio State University, 1977 (University Fellow)

B.A. *cum laude*, Harvard University, 1976

A CNN Analyst and former U.S. Department of Transportation Inspector General, Mary Schiavo seeks accountability and industry change from corporations, institutions and the government so that they may meet their obligation to protect the safety and security of the traveling public. With years of experience in transportation litigation, Mary represents victims and their families suffering from negligence of airline, automotive, commercial trucking, motorcoach and rail companies.

A leader of the firm's aviation team, Mary has represented passengers and crew of most major U.S. air crashes, as well as pilots and passengers on private or charter planes. She represents passengers, pilots, flight attendants and select owners and operators. Her experience with major, complex aviation litigation includes more than 50 cases on behalf of the family members of the passengers and crew of all the planes hijacked on Sept. 11, 2001.

Mary has held numerous government appointments under three U.S. Presidents, including that of Inspector General of the U.S. Department of Transportation from 1990 to 1996. Under Mary's direction, the agency investigated air safety, crimes and disasters; secured more than 1,000 criminal convictions; and exposed billions of dollars of fraud, waste and abuse of taxpayer money. She testified before Congress multiple times on transportation safety, security, budgeting and infrastructure. In recognition of her work combating the use of bogus aircraft parts worldwide, Mary was honored by *Aviation Week* with its Aviation Laurel Award in 1992 and 1995 and was inducted into the Aviation Laurel Hall of Fame in 1997.

As an Assistant U.S. Attorney early in her career, Mary litigated civil cases and prosecuted federal white-collar crimes, bank and securities fraud, mail and wire fraud, drug trafficking and counterfeiting. During her appointment, she also served on the U.S. Department of Justice's Organized Crime and Racketeering Strike Force, prosecuting high-profile criminal cases of bank and securities fraud and related mail and wire fraud, including a large investigation of a bank and securities fraud scheme that resulted in the federal takeover of banks, savings and loans throughout the Midwest.

In 1987, Mary was selected as a White House Fellow and assigned to the U.S. Attorney General, where she worked as the Special Assistant for Criminal Affairs. In this role, she reviewed high security prosecutions, prepared Foreign Intelligence Surveillance Act Requests, attended foreign legal summits with the Attorney General and worked on international prisoner and evidence exchanges. During this time, she also taught trial technique at the U.S. Attorney General's Advocacy Institute and the Federal Bureau of Investigation Academy. Her work earned

her an appointment as the Assistant U.S. Secretary of Labor in 1989, where she led the Office of Labor Management Standards, supervising union elections and investigations on election and financial irregularities.

A frequent on-air contributor or consultant for several networks, Mary has appeared on CNN, ABC, CBS, Fox News, NBC, BBC, the History Channel and Discovery Channel. Named by *Glamour* magazine as a 1997 Woman of the Year, 1987 Working Woman of the Year and a Top Ten College Student in 1975, she has spoken about aviation safety on 20/20, 60 Minutes, Good Morning America, Larry King Live, Nancy Grace, Nightline, Oprah, The O'Reilly Factor, Today, and Your World with Neil Cavuto, among others. Mary received her pilot's license soon after her driver's license, and later completed private and commercial flight training at The Ohio State University. Linda Singer

LICENSED IN: DC, NY

ADMITTED TO PRACTICE BEFORE:

EDUCATION:

J.D. *magna cum laude*, Harvard Law School, 1991

B.A. *magna cum laude*, Harvard University, 1988

Linda Singer represents governments, attorneys general and other public entities in high-impact, high-stakes litigation and investigations as head of the firm's Public Client practice area. The former Attorney General of the District of Columbia, Linda's knowledge and experience includes serving in the public, not-for-profit and private sectors.

As AG, Linda gained invaluable insight into the duties of attorneys general and how law firms with the right resources and experience can aid in supporting enforcement efforts. During her tenure in the District of Columbia, she developed and expanded litigation aimed at protecting children, consumers, tenants and victims of domestic violence and gun violence while overseeing a staff of more than 350 lawyers in one of the nation's largest AG offices.

In private practice, Linda has represented clients in numerous consumer protection and financial and health care fraud lawsuits that have resulted in significant settlements and injunctive relief, including mortgage relief settlements for the states of Arizona and Nevada worth more than \$1 billion.*

At the forefront of healthcare fraud litigation alleging deceptive marketing practices of highly addictive opioid prescription painkillers, Linda represents the City of Chicago, the Santa Clara County Counsel, and the New Hampshire Attorney General. The opioid epidemic has resulted in tens of thousands of deaths and imposed billions of dollars of costs on public entities that must address the drug addiction, overdose, trafficking, and other related costs. She also represents Hawaii and the U.S. Virgin Islands in litigation alleging harm or economic loss due to deceptive marketing of Takata airbags, the largest auto-related recall in U.S. history.

She has investigated major national credit bureaus accused of violating state and federal law by failing to maintain accurate consumer credit files, and nursing homes accused of defrauding public payors and consumers by failing to maintain enough staff to ensure the health and safety of elderly residents. She has also represented the U.S. Virgin Islands in enforcement litigation against an oil company that abruptly shut down, alleging it failed to fulfill its obligation to operate a refinery in

St. Croix as promised in exchange for significant tax breaks. The settlement in that case is valued at more than \$750 million in revenue and environmental cleanup.

Linda helped secure more than \$60 million in relief for consumers whose subprime mortgages were securitized by major Wall Street banks, and repayment for students who alleged they were defrauded by a chain of for-profit colleges. She fought for workers allegedly misclassified as independent contractors by a Fortune 100 company, a move that allegedly deprived workers of legal protections and helped the company avoid contributing to state unemployment and workers' compensation programs.

Pro bono work has also been a major part of Linda's practice. She has represented individuals and public clients in cases aimed at preventing gun violence, protecting consumers, and safeguarding the rights of immigrants.

Linda served from 1994 through 2006 as Executive Director of the Appleseed Foundation, a network of public interest law centers in the U.S. and Mexico.

James R. Brauchle

LICENSED IN: SC

EDUCATION:

J.D., Rutgers University School of Law, 2001

B.S., Lemoyne College, 1990

A former U.S. Air Force navigator, Jim Brauchle brings years of flying experience, leadership skills and knowledge of the aviation industry to his litigation work. Jim represents victims of aviation disasters and passenger rights violations in cases against the airline industry. With more than a decade of courtroom experience that includes both bench and jury trials, Jim has handled civil, domestic, and criminal defense cases from pre-trial practice through trial, post-trial motions and appeals. He not only works closely with clients and co-counsel but also with pilots, engineers and experts in such areas as wreckage inspection and flight reconstruction.

Jim had the honor of supporting the firm's work in *Bavis v. United Airlines Corporation et al.*, the last aviation security case to be resolved in the nearly decade-long consolidated litigation, *In re September 11 Litigation*, involving 56 of the 96 families who opted out of the Victim Compensation Fund in an effort to force accountability and generate answers related

to the 9/11 terrorist attacks. He is an integral member of the aviation team representing the families of the five Italian tourists who lost their lives when a helicopter tour and small private plane collided in mid-air over the Hudson River on Aug. 8, 2009. Litigating multiple crash cases involving small private planes, he also represents the family of a pilot who was one of six people killed when a Cessna Citation 550 aircraft on a life-saving transplant mission crashed into Lake Michigan shortly after takeoff. He also represents the families of passengers who were killed in the July 7, 2013 DeHavilland DHC-3 Otter charter plane crash in Soldotna, Alaska.

An advocate for the rights of the traveling public, Jim took passenger rights case, *Amanda Tuxworth v. Delta Air Lines, Inc.*, to trial and, after a hung jury that was nine to one in his client's favor, used his negotiation skills to resolve the case in mediation prior to a re-trial. In another passenger rights case alleging negligence, breach of contract and negligent misrepresentation, *Sandie Mallard v. Airtran Airways, Inc.*, he played a central role in achieving a confidential settlement. The U.S. District Court for the Southern District of Florida ruled in favor of his client in *Chris Turner v. Ramo, LLC*, a case involving the crash of an international charter flight. This ruling was upheld by the U.S. Eleventh Circuit Court of Appeals in February 2012. Jim also represented numerous families of those who lost their lives in the 2009 Continental Airlines/Colgan Air Flight 3407 crash, which took the lives of all 49 passengers and crew, as well as one person on the ground.

Prior to joining Motley Rice, Jim worked for nearly a decade as a trial attorney representing clients injured or killed in vehicle collisions. His ability to present complex matters to a jury has served him in previous transportation cases.

Jim served as a navigator in the United States Air Force from 1991 to 2001. He was one of only five people in the entire Air Force simultaneously qualified as a C-141 Special Operations navigator, flight instructor and examiner, and was often selected to fly high visibility missions, both in the United States and abroad. Additionally, he was hand-selected to brief and demonstrate special operations capabilities to the Air Mobility Command's Director of Operations and represented the 437th Air Wing at RODEO 1996, the United States Air Force's airlift flying competition.

Jim is recognized as an AV® rated attorney by Martindale-Hubbell®.

Robert Haefele has spent more than twenty years practicing in complex civil litigation, including asbestos, tobacco and other mass tort and product liability litigation. His area of primary emphasis involves anti-terrorism and human rights, analyzing and litigating complex, domestic and international matters to meet clients' goals of justice and accountability while simultaneously achieving positive social change.

Robert's current focus is on aiding the more than 6,500 family members and survivors of the 9/11 terrorist attacks Motley Rice represents. He is an active member of the Personal Injury and Wrongful Death Plaintiffs' Steering Committee in *In re Terrorist Attacks on September 11, 2001*, U.S.D.C., S.D.N.Y., MDL 1570, lawsuits filed by Motley Rice's clients and others seeking to expose and bankrupt the alleged financiers and other supporters of al Qaeda terrorist activity.

Robert also played a central role in *In re September 11th Litigation*, Case No. 21-MC-97-AKH (S.D.N.Y.), involving more than 50 personal injury and wrongful death clients against the aviation and aviation security industries for their alleged failure to detect and prevent the 9/11 terrorist attacks. For both the 9/11 multidistrict terrorist financing litigation and 9/11 mass consolidations of the aviation security liability cases, Robert has appeared before the court for multiple hearings and oral arguments, directed and engaged in complex formal discovery, and managed informal investigative efforts involving, among other things, aviation security, designation of foreign terrorist individuals and entities, and elaborate webs of financial transactions.

Representing Motley Rice clients in an array of other complex litigation matters, Robert worked on *World Holdings LLC, v. Litig.*, No. 05-272 (D. Del.), and with the toxic exposure team to litigate cases brought by individuals and businesses suffering as a result of the BP oil spill in *In re Oil Spill by the Oil Rig "Deepwater Horizon" in the Gulf of Mexico, on April 20, 2010*.

Prior to joining Motley Rice in 2003, Robert developed a strong co-counsel relationship with Motley Rice attorneys through complex litigation involving corporate wrongdoing, including the State of New Jersey's tobacco lawsuit and other tobacco, asbestos and occupational disease and injury cases. Practicing product liability, toxic and mass tort, and occupational injury law, he represented individuals and union members injured by defective products or toxic substances and authored "The Hidden Truth About Asbestos Disease" in the *New Jersey Law Journal* (December 2002). ADMITTED TO PRACTICE BEFORE:

EDUCATION:

J.D., University of Texas at Austin, 1998

L.L.M. with Distinction, University of Nottingham, 1998

B.S.J., University of Kansas, 1993

An advocate for people harmed by toxic exposure, chemical-related cancers and other occupational diseases and smoking-related illnesses, Scott Hall has spent more than 15 years working to hold accountable corporations that put profits before people.

Today, he continues to represent people suffering from work-related illnesses such as lung diseases in cases against the companies that allegedly harmed them.

Scott advocates for workers and consumers harmed by inhaling flavoring chemicals such as diacetyl and acetyl propionyl, which have been associated with severe lung diseases often collectively referred to as "Popcorn Workers' Lung," even though many workers, not just those in microwave popcorn manufacturing, have been affected.

In the early 2000s, Scott successfully represented workers who had developed serious lung diseases after exposure to airborne flavoring chemicals in some of the first cases of their kind.* Since then, he has tried more than a dozen lawsuits against the flavoring industry that resulted in plaintiffs' verdicts. Additionally, Scott participated in the resolution of more than 100 cases for people who alleged wrongful death or injuries as a result of exposure to dangerous chemical flavorings.*

His early work in toxic exposure included taking cases to trial as well as settling tobacco cases. His work led to multi-million dollar verdicts in tobacco-related personal injury and wrongful death cases.* He was also contracted by the Canadian government to represent the Provinces of Newfoundland and Labrador in a cost-recovery action against the tobacco industry. Scott has also taken cases to trial and settled environmental contamination cases, including cases involving air pollution and groundwater pollution by industrial chemicals.

In 1997, Scott wrote one of the first peer-reviewed articles on the regulation of genetically modified organisms (GMO) and their impact on the environment. The article, titled "The Genie in the Bottle: The International Regulation of Genetically Modified Organisms," was published in the *Journal of International Wildlife Law & Policy*.
